

Employee Benefits Policy

Document HR-BEN-002 • Category: benefits • Effective 2025-01-01 • Applies to: all Kai Components store staff

1. Eligibility

Employees scheduled to work 30 or more hours per week are eligible for Kai Components medical, dental, and vision benefits on the first day of the month following 30 days of employment. Coverage may be extended to spouses, domestic partners, and dependent children.

2. Medical, Dental, and Vision

Kai Components pays 80 percent of the medical premium for employee-only coverage and 60 percent of the premium for covered dependents. Dental and vision premiums for employee-only coverage are fully paid by the company. A high-deductible plan option includes an annual company HSA contribution of \$600 for individual and \$1,200 for family coverage.

3. Retirement — 401(k)

The company matches 100 percent of employee 401(k) contributions up to 4 percent of eligible pay. Employer matching contributions vest on a three-year cliff schedule: an employee who separates before completing three years of service forfeits all unvested match. Employee contributions are always 100 percent vested.

4. Life and Disability

The company provides basic life insurance equal to one times annual base pay at no cost, plus short-term disability covering 60 percent of base pay for up to 12 weeks. Employees may purchase supplemental life and long-term disability coverage through payroll deduction.
